Update - Alpha 1.33 : 1. Tutorial - Some story descriptions have been added. 2. Character - The basic design of the character with no equipment has been modified. - Idle animation has been fixed. - Attack animation has been fixed. - Shovel, ax, pickaxe animation has been fixed. - The hammer animation has been fixed. 3. Bugs - Fixed an issue where Shield was not applied..
Update - Alpha 2.2.2 : 1. Bug - Fixed an issue where the wood drop rate was wrong. - Fixed an issue where the price was not displayed correctly when items in the cart were removed when repairing items. 2. Develop - I am working on new map work for 40 50 floors. This will be updated in early/ mid-September.. Update - Alpha 3.1.0 : 1. Bug - Fixed some internal bugs. - Fixed the problem that the gauge is initialized when the dash key is pressed during swimming. 2. Production window - Basic, main and additional material slots in the production window have been modified by color and added phrases.. Update - 1.30.1 : Bug fixed.
Plan for updates : We are preparing for a new update. We have collected feedback from many of you We have confirmed that many improvements are needed. In order to solve these problems, We will make a major revision. This modification process requires a lot of internal changes. Because it takes a lot of work, the next update We will need more time.. Update - Alpha 1.37.1 : 1. Functions - The operation method of saving has finally been modified. - Fixed an issue where no sound will be heard when dropping an item in Quick Slot. - Fixed an issue where no sound was heard when moving items from the warehouse to the inventory. - Fixed an issue where item weight calculation in inventory was not correct. 2. Items - The weight of certain items has been reduced.. Update - Alpha 2.0.1 : 1.. Update - Alpha 2.2.3 : Attractive stone Attributes are added to all monsters. If you attack a monster with a property, the attribute is displayed. [Before Display] [After display] Attribute stone will change color depending on the properties of monsters affected by the weather. - Water: Blue - Wind: Gray - Erath: Brown - Fire: Red If the monster is properly applied to the vulnerable attribute, the character stone will be displayed in white. Attributes such as monsters or other attribute attacks are displayed in yellow for a moment. If the monsters are attacked incorrectly, they are displayed in black.
