[FULL Structural Bridge Design 2016 Activation](#)

The screenshot displays the CSiBridge v22.1.0 software interface. The main window shows a 3D model of a bridge structure under a deformed shape, highlighted in red. The interface includes a menu bar (File, Home, Layout, Components, Loads, Bridge, Analysis, Design, Rating, Advanced) and a toolbar with various analysis and design tools. Below the main view, there are three dialog boxes:

- About CSiBridge:** Displays software version (22.1.0, Build 1639), copyright information (© 2010-2020 Computers and Structures, Inc.), and Windows version (Windows 10, Version 10.0, Build 17134).
- License for Computers and Structures, Inc. (CSiBRADR):** Shows license details including License Version (22), Type (Standalone), and Number of days left on License (360).
- Analysis Complete - Example 5-003c:** Displays analysis results for Run 1, including the number of negative eigenvalues (0), linear static cases (19:39:16), and total number of cases to solve (2).

A red seal is placed over the license dialog box. The status bar at the bottom indicates 'Start Animation' and 'GLOBAL'.
